TECHNOLOGY

STUNNING! That's the only word to describe the response of NF cadres, Supporters and FOM's at the Movement's January Organizing Conference to the latest push in the NF's vital Technology Fund. We announced in our last issue that funds in hand for the next wave of modernization now totalled £2,256.50, but that in order to move to a full Desk Top Publishing system, the NF urgently needed to raise a further £4,750.

The meeting on January 9th made a huge leap towards this ambitious but crucial target by raising a magnificent £1,876.25 in a 'Dutch Auction' style collection.

Representatives of the Hackney *NFN Supporters'* unit started the ball rolling with a generous donation of £100. This was matched personally by the official making the collection and from then on the whole thing snowballed. Personal donations from members of the NF's Directorate alone totalled £370. Many unemployed members gave more than a week's Giro money.

Many thanks are due to:

I am pleased with the rapid progress of the Technology Fund. I want to help *NF News* and the National Front to buy the latest equipment as quickly as possible. So I am pleased to enclose the sum of .... I do/do not want this acknowledged in the usual way in a future issue.

Additional donations of pound coins and loose change brought the final total to £1876.25. Once again, many thanks to all concerned.

Other donations since the last issue were gratefully received from:

P.D. – Kingston –	£10
G.K. – Gosport – (another)	£25
P.M. – Leicester –	£2

This means that the total raised since the New Year is already £1,913.25. Which in turn gives the National Front £4,169.75 in the bank towards our urgent target of £7,000. This is on top of the £3,186 raised earlier in 1987 and used to purchase the array of equipment detailed in our previous issue.

But although this is a remarkable achievement, it's no time to rest on our laurels. Now, more than ever, is the moment for another big push. We've only got another £2,830.25 to go to beat the total £10,000 Technology Fund target. And that will give the National Front a publicity machine more sophisticated than anything in all of Fleet Street just five years ago – and not so far behind the likes of our opponents like Murdoch and Maxwell today.

This will make our whole operation more efficient and flexible. It will make *NF News* even more topical and effective. And it will give our volunteer staff more time to work on other important projects essential to the future progress of the Movement.

So *NFN* urges all the activists who went paper selling so that other colleagues could attend the meeting to match their donations. We urge the thousands of readers who are not in a position to be active to show their appreciation for the NF's militants by backing them financially. And we ask everyone who made a donation to this important Fund last year to dig into their pockets once again. We know it's asking a lot, but we all know there's a lot at stake.

Let's not beat about the bush. A powerful and modern publicity machine using Tommorrow's Technology is the key to building the Movement of the Future. And the key to building such a machine is money. What can you do to help?

£10,000 APPEAL

January 1988

BE ACTIVE – SUPPORT *NFN*

NF NEWS Supporters are the people whose contributions and activity give them the right to run local units and to sit on local committees. *NFN Supporter* status is the main category of involvement in the National Front. It is also an essential stepping stone to being accepted as a Candidate Cadre and earning a say in the direction of the organization nationally.

So while the contributions of the Friends of the Movement are very important, it is the *NFN Supporters* who really make things happen. So don't get left out – get involved!

Supporters pay dues of £4 per month, for which they receive 5 copies of each issue of this paper. These they distribute as they wish, but if they sell them they may put the money towards helping to pay their dues.

Would-be ***NFN Supporters*** already in touch with a local unit should pay their dues direct to the treasurer, in return for their membership card, details of activities and supplies of papers. Those who are not should complete and send in this form.

I agree to pay my dues of **£4 per month.** *I enclose herewith a cheque/PO payable to* ***Nationalist Publications*** *for my initial* **£5 registration fee** *and to pay for my Activities Starter pack to be sent with my membership card straight away.*

I will pay my monthly dues from next month, either by Post Office Transcash **or** *I will pay by Standing Order and have sent the Standing Order Form direct to my bank, account number*

EXPOSING THE HATEMONGERS PART

Gerry Gable – The mask slips

The story so far: – low life East End Zionist Gerry Gable, nominal publisher of ***Searchlight*** *magazine, had been getting away with attacks on Nationalists for years. But now he finds that, in the words of the old song, "things ain't what they used to be." The new breed of Nationalists isn't tame like the old one and* ***NF News*** *is shining the searchlight back on Gerry and his gang. Now read on....*

"HISTORICAL REVISIONISM" is something we would usually expect Gerry Gable to condemn. But when it comes to denials, excuses and 'justifications' which seek to rehabilitate his somewhat battered image, Gerry is all for it!

An article published in the *Jewish Chronicle* on October 23rd, 1987, was based on interviews with Gable. In it, an attempt is made to answer obliquely criticism voiced in this *NF News* series. *NFN* has exposed Gable in several ways. Most notably we have: reported that Gable has a conviction for breaking into the home of historian David Irving with his violent criminal associate **Manny Carpel;** drawn attention to his manipulation by intelligence services; pointed out his long-term association (together with his colleagues) with the Communist Party of Great Britain, and noted his support for violence against Nationalists.

So how does Gable attempt to answer these charges?

BREAKING AND ENTERING: Gable claims now that he is "fiercely proud of his conviction" for breaking into the home of historian David Irving.

DUPE AND FINK: The article states that his stories are "gleaned from a wide range of contacts (including people in the secret services)." i.e. stories are fed to his rag by MI5 and Special Branch (not known for impartiality and reliability).

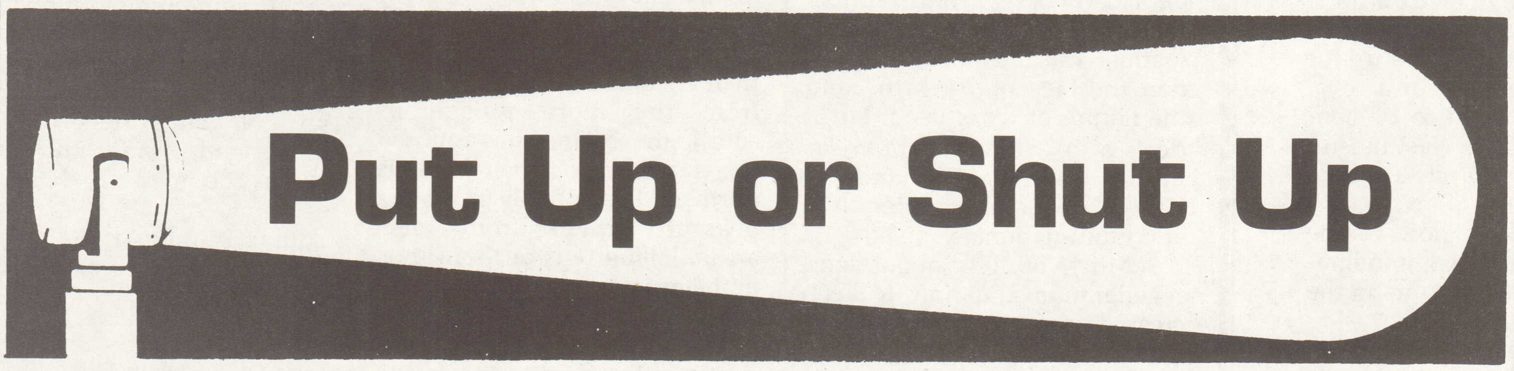
COMMUNIST PARTY MEMBERSHIP: At 15 years old he left school and started as a trainee journalist on the Communist *Daily Worker.* After a year he left for what became a career as a Communist Party trade union organizer.

In 1962, after around ten years unbroken CP membership, including during the period covering the brutal crushing of the Hungarian workers' and students' uprising in 1956, Gable claims to have left the CP to "concentrate on anti-fascist work and because the party had begun to adopt an anti-Israel line."

He avoided any mention of the many continuing close links with the Communist Party which crop up in any study of the *Searchlight* operation.

SUPPORT FOR VIOLENCE: Gable adheres to the "East End Socialist and Communist tradition of raising hell and, when necessary, fighting on the streets" according to the report. Surprisingly, Gable is said to have "acquired a reputation for being able to look after himself." Gable is fifty and retired from a job at London Weekend TV for "health reasons."

Gable's *support* for violence, as opposed to actually doing the dirty work himself is not, however, in question. As far back as 1976, *Searchlight* magazine was condemned for inciting hatred and violence by Birmingham stipendiary magistrate, Mr John Milward.



Put Up or Shut Up

YET ANOTHER book of anti-Nationalist lies is about to appear. Called *The Other Face of Terror*, it is written by Ray Hill, the former second in command of the tiny reactionary BNP who then sold his story to the Zionist rag *Searchlight. The lurid fantasies of the loud-mouthed semi-literate Hill are given some coherence by his co-author Andrew Bell, a former Time Out* hack.

The book is not due for publication until February 4th, but having obtained a copy, ***NF News*** is happy to break the embargo on it and refute a few of the main lies about the NF.

The first thing to bear in mind is that Hill is a paid grass. And like most grasses, he's happy to make up whatever story will bring the biggest financial rewards. Few of his tales affect the NF directly, though he does make several serious accusations.

NO EVIDENCE

Principally, he claims that NF members have gone on para-military training camps run by ex-members of the SAS. But he gives no names, nor indeed details of any other sort. This is because this is a lie. No such activities have ever taken place. If Hill has information to the contrary, he must take it to the police, who would no doubt be happy to prosecute over such a serious breach of the Public Order Act. But, of course, he has no such evidence because such camps are figments of his booze-sodden imagination.

Hill reserves special bile for NF Directorate member Derek Holland, accusing him of calling for "chaos in the streets" at a meeting in Leicester which Hill attended not long after returning from South Africa. Hill admits to launching an unprovoked physical attack on Mr Holland, but fails to give the real reason. This was that the young NF loyalist had questioned his efforts to provoke trouble in the unit, and had drawn attention to his conviction in South Africa for fraud, after he ripped off several patriotic groups for thousands of pounds.

The NF's lawyers are looking into the possibility of legal action against this convicted thief and thug. And legal pressures against its distributors are also being considered. But whatever happens, we make this simple challenge to Hill and his capitalist publishers: **If you have any evidence of NF members being involved in illegal activities, 'terrorist preparations' or anything similar, take it to the police and prosecute. But if you can't back up your lies with any facts, go to hell. To put it simply – Put Up or Shut Up!**
